AFTER SCHOOL BASKETBALL CLUB

After School Basketball will be running during the months of February and March. Our focus for this program is on skill development and having some fun playing basketball. After School Basketball for all interested grade 4, 5 and 6 students. The program runs **3:30-4:30 p.m. Tuesday/Wednesday/Thursday**. Students pick one day to come each week (Tuesday is Grade 6 only).

CURLING - Indoor & On the Ice

During January and February, students have the opportunity to enjoy the indoor curling program called Rocks & Rings. Indoor curling equipment was purchased by ÉJSM, Terrace Ridge and ÉLUES. The sets are being shared between the schools. In addition to the indoor program, our grade six classes have been on the real ice sheets and have been throwing, sweeping, and calling shots at the rink. A big thank you to the Lacombe Curling Club for their support on and off the ice!

Supporting *ALL* Students

Pink Shirt day is a day when people come together by wearing pink shirts to show they are standing up against bullying.

FEBRUARY 26TH 2020
PINK SHIRT DAY

This year's Pink Shirt Day theme is "LIFT EACH OTHER UP", as a way to support bullying prevention programs in schools and our community.

This theme fits perfectly with our school theme of "TOGETHER WE ARE ONE". Our students show us every day how strong they are when they help and care for one another.

Bullying Awareness

As a part of our school-wide focus on kindness, Mrs. Dykslag and Mrs. Rawlinson will visit all Grade 5 classrooms to discuss the topic of bullying in February. In a series of lessons, the students learn to make responsible choices by:

- * Changing their attitude towards the effects of bullying
- * Changing their attitude towards children with differences
- * Focusing on using a problem-solving approach that uses conflict resolution strategies
- * Understanding the role of the bystander when bullying occurs

In class, we discuss how to avoid being a target for bullies. We will also review the HA, HA, SO strategies that were taught to classes in September.

Humour **A**void **H**elp **A**ssert Yourself **S**elf Talk **O**wn It

As a class, we concentrate on the role of the bystander or witness in bullying. We all need to speak up and care for each other. When we do, we make our world a better place for everyone.

Bullying is when someone deliberately tries to hurt someone else they think is weaker than they are. In many cases, bullying is repeated over and over and can cause a lot of pain that lasts a long time. It can even lead to things like depression, anxiety and low self-esteem.

Bullying happens in many ways, but some common forms of bullying are **verbal** (teasing, name-calling), **physical** (hitting, kicking, pushing, breaking someone's toys or favourite things) or **social** (leaving someone out, spreading rumours).

Cyberbullying is using social media or other technology like texting to threaten, embarrass or even damage a person's reputation.

Bullying, either on the internet or in person, can have long-term negative effects so it's important to let bullies know that what they are doing is wrong!

Student Goal Setting and Growth Conferences

We are looking forward to having parents/guardians and students participate in the upcoming conferences the evenings of February 5 and 6th. The October conference schedule will be used for the February conferences. A note confirming your date and time will be sent home. Thank you for your participation in these very important conferences!

School authority representatives who were involved in the development of the Accountability Pillar surveys recommended that we provide messages principals can use in their communications to parents.

Principals are encouraged to include the following message, or a similar one, in their communications to inform parents of the survey process. Please note that there are two situations in which the surveying is expanded to include all students in grades 4 and above and their parents:

1. the school has fewer than 120 students in grades 4 and above, the school is a private or charter school.

In other schools, the survey continues to be focused on parents of students in grades 4, 7 and 10.

Information for parents:

As an annual check-up on the education system, the Accountability Pillar provides an opportunity for Alberta Education and school authorities to ensure that we are equipping students for success.

The Accountability Pillar uses a set of 16 indicators. Data on these indicators consists of surveys of students, parents and teachers on various aspects of education quality, student outcomes such as dropout and high school completion rates, and provincial assessments of student learning.

From January to the end of February, Alberta Education will be conducting the annual Accountability Pillar Survey.

In January, parents of students in grades 4, 7 and 10 (*change to grades 4-12 if applicable*) will receive a survey from Alberta Education.

In February, students in grades 4, 7 and 10 (*change to grades 4-12 if applicable*) and all teachers will be completing their surveys online at school.

All surveys are anonymous and ask questions about experiences with your school. In addition to English and French, the parent survey is available in Chinese, Punjabi, Arabic, Blackfoot, Dene, Cree, Korean, Spanish, Tagalog and Urdu.

Your participation in the survey helps provide important information on the quality of education your child is receiving, so we encourage you to return your survey promptly.

Survey results will be available to school authorities in May, and will be reported publicly as part of their 3-Year Education Plans and Annual Education Results Reports.

10 Minutes of Reading Time per Day Dramatically Impacts Literacy Levels

A growing body of evidence has revealed that just an extra 10 minutes of reading per day has a dramatic impact on a child's vocabulary, spelling, verbal fluency, general knowledge and reading comprehension. Anderson, Wilson, & Fielding (1988) found that time spent reading books was the best predictor of a student's reading proficiency. Studies have found that adding just ten minutes of daily book reading outside the school hours significantly increases a student's exposure to print. For example, a student who adds 10 minutes of reading per day to their schedule will increase their exposure to words by 500,000 words, resulting in dramatic improvements in reading comprehension and fluency.

So this is where we need your support. We need to get kids reading at home! Curling up with a good book with your child not only improves reading, it reduces stress, it provides a bond between the parent and the child and it models the importance of reading to your child which encourages them to have a life-long passion for literature.

École Lacombe Upper Elementary School wants to promote reading into the family routine. For the month of February and March, we will be promoting *Family Literacy*. Each student will be receiving a copy of a great new book that is top secret!! This book will be the basis of our *Family Literacy Project*. The project is a community supported program with Lacombe Ford (title sponsor), Lacombe Kinsmen, Lacombe FCSS Caring for Children fund, City of Lacombe and Lacombe Legion supporting the costs of the novels, the kickoff party and the celebration at the conclusion of the novel. With each novel a calendar will be sent home. This calendar will outline the nightly reading goals we would like you to achieve with your family. This book is not to be read by the child alone. This is to be a family book. By participating we aim to build a community of readers. Students, parents, and staff will be participating. We would like it to be a time where the child can curl up with a family member to read aloud. Share this special time with your child and at the same time support their literacy development. The date for the kickoff party is February 24th at 11:15 a.m. and everyone is welcome. At the kickoff party your family will receive their copy of the book, along with the reading schedule that includes some questions that will guide your conversations around the book.

In school, your child will be invited to answer daily trivia questions and participate in activities connected to the novel. You will want to make sure your family keeps pace with the schedule so your child can take an active part in those activities. Everyone will be talking about the book!! We are very thankful that Lacombe Ford, Lacombe Kinsmen, Lacombe FCSS, City of Lacombe and Lacombe Legion have joined in to make this project happen. Their support for home reading and literacy development is commendable!!

We look forward to working together to create a community of readers! Enjoy Reading!!
