

Bully-Proofing our Kids

Our school is committed to creating a safe and caring environment for our students. One program that aims to do this is the Bully Prevention classes taught to all students at École Lacombe Upper Elementary School. These classes and discussions include presentations by Mr. Fullarton and Mrs. Ouellette, with in class lessons taught by the homeroom teacher. Research supports that incidents of bullying are significantly reduced in schools where; bullying is talked about with students, where peer mediation programs are in place, where students are encouraged to report incidents of bullying and where the adults in the building actively watch for and address incidents immediately - all of which are done at ELUES.

What is Bullying?

Bullying is a conscious, willful, deliberate and repetitive act intended to harm another person. Bullying is an assertion of power through aggression. It can be physical violence, verbal taunts, exclusion, threats, put downs or intimidation.

Bullying Myths and Facts:

Myth: *"Bullying is just a stage, normal part of life. I went through it, my kids will too."*

Fact: Bullying is not "normal" or socially acceptable behaviour. We give bullies power by our acceptance of this behaviour.

Myth: *"If I tell someone, it will just make it worse."*

Fact: Research shows that bullying will stop when adults in authority and peers get involved.

Myth: *"Just stand up for yourself and hit them back"*

Fact: While there are some times when people can be forced to defend themselves, hitting back usually makes the bullying worse and increases the risk for serious physical harm.

Myth: *"Bullying is a school problem, the teachers should handle it"*

Fact: Bullying is a broader social problem that often happens outside of schools, on the street, at shopping centers, the local pool, summer camp and in the adult workplace."

Myth: *"People are born bullies"*

Fact: Bullying is a learned behaviour and behaviours can be changed.

SPRING IS COMING ...

The grade 4 class that has the highest percentage of parent responses by no later than March 21, 2025 will receive a pizza party for their class!

Dear parents/guardians:

As part of our ongoing commitment to providing a world-class education for Alberta's children, Alberta Education will again be conducting our annual survey of grades 4, 7 and 10 students and their parents or guardians. The survey will gather important information about students' and parents' school experiences and will help to inform continuous improvement in our education system.

The survey will also be sent to all teachers in the province. In some schools, all students in grades 4 and above – and their parents or guardians – will be surveyed.

Your input supports improvements in our education system

This year's survey will take place from February to March 2025, and we strongly encourage all eligible parents or guardians to participate and share your feedback on your child's or children's education.

Survey participants will be asked questions on a variety of topics, including:

- welcoming, caring, respectful and safe learning environments;
- student learning engagement; and
- parental involvement in their children's education.

Survey participants are not required to provide their names or personal details, and all survey responses are confidential.

By completing the survey, you are helping both Alberta Education and your local school authority identify areas of strength and areas for improvement. When the results are in, Alberta sends them to school authorities, who in turn share them with their local school community and use them to inform their annual education plans.

Surveys will be provided by your school

Completing the annual education survey is easy. Your principal or school administrator will provide you with a unique, single-use access code on behalf of Alberta Education that you can use to log in and complete the survey online confidentially.

- Parents or guardians with more than one student in an eligible grade will receive a separate random access code for each child.
- Paper copies of the survey can also be requested once the survey opens.
- Participants can skip questions for any reason and may opt out of the survey at any point.

Students fill out their surveys at school

Students are surveyed during the same time period as their parents or guardians, but they typically fill out their surveys at school.

- Like their parents or guardians, students are provided with a random access code to log in and complete the survey confidentially.
- Students can skip questions for any reason and may opt out of the survey at any point.

Additional details about Alberta Education's quality assurance measures and framework for monitoring performance in the education system are available at

www.alberta.ca/alberta-education-assurance-survey

Please contact your school principal if you have any questions or concerns about your child's participation in the survey.

ÉLUES MOCK ROCK NIGHT

MOCK ROCK IS BACK!! We are in the planning stages for this year's Mock Rock on **Thursday, March 13**. For this event, grade six students at ÉLUE will be taking part in a Mock Rock (lip-sync) contest. The top groups from each of the grade 6 homerooms will make up the majority of the entries for this exciting evening. As well, a **staff group** usually makes an appearance towards the end of the show.

The project has two main goals: to collect as many food bank items as possible for the Lacombe Food Bank and to put on a fun evening for our community.

Mrs. McLeod's class is busy putting together this service learning project. Making props, collecting prizes, arranging judges and screening music are just a few of the responsibilities the students have undertaken.

Once again, our ÉLUES MOCK ROCK evening is slated for **Thursday, March 13 at 6:45** in the school gym. We hope to fill the gym; more importantly, we look forward to filling the empty boxes with food items for the Lacombe Food Bank.

Admission for the evening performance is a non-perishable donation for the Food Bank.

Bully No More

Mr. Fullarton and Mrs. Ouellette are speaking with all the Grade 5's during the next few weeks on the topic of bullying. They are discussing the various forms of bullying that may occur and more importantly a variety of strategies for stopping it. Through reading books, watching and discussing videos, and role playing, the students will become more confident in these difficult situations. The students are reminded that they need to tell an adult at school if bullying is occurring so that the teachers and administration can deal with it properly.

Relieving School Anxiety

For some kids, school may be a tense place. Children may have problems understanding what is expected of them, may face social exclusion, and may find the work confusing and stressful. As a parent, your instinct may be find a quick-fix solution, but a listening ear, a sympathetic word and a reassuring hug will be more helpful. Here are a few simple ways to help reduce anxiety in your child.

1. **Acknowledge the problem.** Do not dismiss the problem by simply saying, "Don't worry. Everything will be fine." Rather, acknowledge that the anxiety is real to your child and that their concerns are real. The result is your child will know that they can come and talk to you.
2. **Ask, "What three things are you worried about?"** By asking a specific question, your child will start sorting through the many emotions and will be able to better tell you the major concerns.
3. **Ask, "What three things are you most excited about?"** Bring the good things about the day to light. Most kids can find a few things that they look forward to.
4. **Keep the lines of communication open.** Sometimes just talking to a trusted adult makes things seem less worrisome. If a situation does become overwhelming, then you will be the first to know about it.
5. **Know when to ask for help.** Most kids experience school anxiety to some extent and some feel it more deeply. When does it become a problem big enough to require professional help? Some signs to look for are major changes in friendship, sleeping and eating habits, attitude and behavior. If you have a good rapport with your child and suddenly she does not want to talk, that may be a sign of concern as well.

Parents, if you wish to discuss school anxiety and how ÉLUES can assist, please contact the school.

What to do if your child is being bullied ...

- 1) **Be a good listener.** Stay calm, and give your child plenty of time to tell you how he or she feels. Make it clear that it is not your child's fault. Don't tell your child to simply fight back, that normally increases the victimization.
- 2) **Teach Bully-Proofing Strategies to your child.** What works for one child may not with another, so its best to discuss a range of options and then choose one or two that your child feels comfortable with. Here are a list of strategies we are working on in class:
 - * **Assert yourself**—Teach students to face the bully by standing tall and using a strong voice. The victim should tell the aggressor to stop. He could also name the bullying behaviour: "That's teasing. Stop it." or just "Cut it out."
 - * **Use "I want."** - Communication experts suggest teaching students to address the bully beginning with "I want" and say firmly what he wants changed: "I want you to leave me alone." or "I want you to stop teasing me."
 - * **Agree with the teaser** - Consider helping the student create a statement agreeing with her teaser. Teaser: "You're dumb." Victim: "Yea, but I'm good at it." or Teaser: "Hey, four eyes." Victim: "You're right, my eyesight is poor." This strategy may sound strange, but it puts the bully off guard and it works.
 - * **Ignore it** - Bullies love it when their teasing upsets their victims, so help your child find a way to not let his tormentor get to him. A group of fifth graders told me ways they ignore their teasers: "Pretend they're invisible," "Walk away without looking at them," "Quickly look at something else and laugh," and "Look completely uninterested."
 - * **Rehearse the strategy with the victim** - Once you choose a technique, rehearse it together so your child is comfortable trying it. The trick is for the victim to deliver it assuredly to the bully — and that takes practice. Explain that through he has the right to feel angry, it's not okay to let it get out of control. Besides, anger just fuels the bully. Try teaching victims the CALM approach to defueling the tormentor.
- 3) **CALM**
 - * **C - Cool down.** When you confront the bully, stay calm and always in control. Don't let him think he's getting to you. If you need to calm down, count to twenty slowly inside your head or say to yourself, "Chill out!" And most importantly: tell the victim to always get help whenever there is a chance she might be injured.
 - * **A - Assert yourself.** Try the strategy with the bully just like you practiced.
 - * **L - Look at the teaser straight in the eye.** Appear confident, hold your head high and stand tall.
 - * **M - Mean it!** Use a firm, strong voice. Say what you feel, but don't be insulting, threaten or tease back.

(Michelle Borba - Building Moral Intelligence)

Final Thoughts

Unfortunately most kids are bound to encounter children who are deliberately mean. By teaching our children effective ways to respond to verbal abuse, we can reduce their chances of being victims as well as helping them learn how to cope more successfully with future adversities. Of course, no child should ever have to deal with ongoing teasing, meanness and harassment. It's up to adults and kids alike to take an active stand against bullying and stress that cruelty is always unacceptable. Please contact your child's teacher or the school administration if your child is experiencing bullying. We do care, and we will listen!!
